SECTION 1 : MISSION & ETHOS

1.1 MSC PHILOSOPHY OF EDUCATION

The Missionaries of the Sacred Heart were founded by Fr. Jules Chevalier at Issoudun, France in 1854. He had a vision of regenerating society through devotion to the Sacred Heart. Included among the ways of achieving this vision was the education of youth.

Mindful that the teaching closest to Jesus' heart is his command to love one another as I have loved you, Missionaries of the Sacred Heart especially value love, concern, compassion, understanding, respect, and acceptance of every individual.

*I give you a new commandment love one another;
just as I have loved you,
you also must love one another.
By this love you have for one another everyone will know
that you are my disciples.* (John 13:34ff)

These qualities are enshrined in the charism handed on by Jules Chevalier and embodied in the current MSC Constitutions:

*As Missionaries of the Sacred Heart,
we live our faith in the Father's love revealed
in the Heart of Christ.
We want to be like Jesus who loved with a human heart;
we want to love through him and with him,
and to proclaim his love to the world.* #10

*Ours is a spirit of family and a spirit of brotherhood,
formed by kindness and understanding,
by compassion and mutual forgiveness,
by gentleness, humility and simplicity,
by hospitality and a sense of humour* #32

This charism generates the spirit in which various MSC ministries recognise the importance of meeting the specific needs of our times.

*In a constant effort to share in the sentiments of the Heart of Christ,
we will be attentive to all human needs and aspirations,
such as,
the need to be respected as persons,
the need for love and peace,
for freedom, justice and truth,
and the search for meaning in life.
We will become all things to all people,
by respecting different cultures,
and by being ready to undertake whatever apostolic services people may need.* #24

The Missionaries of the Sacred Heart in Australia have had a long involvement in the education of youth. Beginning with an Apostolic School at Douglas Park NSW in the 1920s, they later opened schools in Toowoomba, Bowral, Hamilton, Darwin and Canberra, and they also accepted responsibility for two schools in Papua New Guinea.

The Australian Catholic Church has been extensively involved in the education of youth for over 100 years. The Missionaries of the Sacred Heart see this as still an effective ministry for meeting the needs of the times. Hence MSC schools proclaim and give witness to the love of God in our world.

They seek to engender a strong belief in God's love for all as manifested through the heart of Jesus Christ. *Fortes in Fide (Strong in Faith)* is the common motto of MSC schools. Father Chevalier saw particular value in the education of youth as a means of remedying the indifference of secular society to the love of God.

In the first MSC Constitutions which were approved in 1877 and which he himself wrote, we find the following:

The Society (of the Missionaries of the Sacred Heart) has education as one of its principal tasks. All among us who accept the care of young people should never lose sight of the sublimity of such an important mission. Considering the great usefulness of this ministry, they will apply themselves to it with all the more keenness and zeal, in so far as it is often enough a thankless task...

They should not forget that the salvation of civil and ecclesiastical society depends on the Christian education of youth. "Train young people in the way they should go; even when they grow old they will not swerve from it". (Prov. 22/6)

It follows from this that the main hope for the Church for better times rests on the religious instruction of youth.

It was also part of the vision of Jules Chevalier that the mission to regenerate society would be carried out not only by professed religious, but also by an association of lay people who would form another branch of the Congregation. Among the staff of MSC schools are lay people who share the mission and charism of the Missionaries of the Sacred Heart, and who work with them in a special way to proclaim and witness to the love of God.

Chevalier also gives advice for those involved in the ministry of education:

In order that a ministry of this nature be completely fruitful, it is necessary that those among us who take it on combine forces, and work with a spirit of unity.... It is also necessary that they commend themselves to their students by the goodness of their lives as well as by their teaching.

They should be tireless in teaching their students whatever is needed for them to gain academic results with distinction. And they should never forget that the first task required of them is that their students become 'fortes in fide' (strong in faith), dedicated with great love to the practice of all Christian virtues.

SECTION 1 : MISSION AND ETHOS

1.2 MSC VISION IN EDUCATION

MSC schools exist to proclaim and witness to the love of God. They aim to make gospel values real in the lives of young people, their families and the staff who serve them.

With care, compassion and understanding as their hallmark qualities, MSC schools strive to build a community of faith among staff, parents and students. Great value is placed on commitment, trust and acceptance of others in fostering the growth of community. In the spirit of a loving and supportive family, members help one another grow in knowledge, faith and service.

While aiming for excellence in the search for truth, MSC schools recognise the importance of balanced human development and strive to help young people to achieve their full potential in all areas of life, and to be ready to show initiative in parish, religious and civic life. They are attentive to the aspirations and needs of individuals, especially of those who are disadvantaged or isolated: mentally, physically, financially, emotionally or geographically.

Staff relate to students with compassion and availability, creating a sense of family which permeates their attitude as professional teachers and caring adults. Staff also relate to each other with the same sense of understanding and care, ministering to each other in an atmosphere of friendship and collegiality.

Staff strive to improve their professional appreciation of their work by sharing in prayer and staff development exercises, and participate regularly in programs which enable them to collaborate with greater understanding in the MSC style of education at their school.

Founded on love and built on love, MSC schools offer a vision of hope for humankind, one to which all their members can contribute as they grow strong in faith.

The Daramalan College Policy for the Spiritual Formation of Staff and Board members is based on the principles and expectations of the policy established for all MSC colleges in Australia.

Attachment 1 - Budget Planning Procedures

RESPONSIBILITIES

The Board of Daramalan College has ultimate responsibility for overseeing the Budget of the college and for ensuring that the college operates within a responsible, sustainable financial framework.

The FARM Committee comprises:

- at least two non-Executive Directors
- the Principal
- the Business Manager
- the Accountant (ex-officio)

PROCEDURES

Preparation of the Budget

- considering operational costs
- setting payroll costs
- estimating grant and other income
- considering capital project expenditure
- recommending fee changes.

The initial Budget estimates are based on the current expenditure projections to end of year, plus Consumer Price Increments for salaries or relevant wage increases, revisions to awards/contracts, and an agreed % increase on operating expenses such as power, telephones, etc.

The FARM Committee is provided with information about how cost increases are absorbed or lead to increases in fees.

The Business Manager/Accountant presents the draft Budget for discussion at a FARM Committee meeting. The FARM Committee accepts the estimates as presented or requests variations, within the context of the Business Plan. A detailed report denoting reasons for decisions is attached to the draft Budget for discussion.

The Business Manager/Accountant revises the draft and presents the amended draft Budget at the next available FARM Committee meeting, usually in October. Once adopted by the FARM Committee and approved by the Board, this becomes the official operating Budget for Daramalan for the following year, and all Board members and employees must work within the financial limits stated or implied by this document.

Monitoring and Reviewing the Budget

The Accountant is responsible for monitoring the College’s expenditure, reviewing the actual and budgeted expenditures, and reporting on the progress of such expenditure.

Financial reports are prepared for each FARM Committee meeting showing the year-to-date expenditure and its variation from the budget estimates, and indicating any increases or decreases in funding. A detailed commentary is attached to Board reports detailing reasons for variations and recommendations for corrective action if required.

The Accountant indicates what effect any variations will have on the budget projections and provides this information to the Principal and the FARM Committee. The Accountant reports on any other financial matters that are related to the Business Plan.

Once adopted by the Board, the Amended Budget becomes the new operating budget for the remainder of that financial year.

Daramalan College exists to proclaim and witness to the love of God. It has as its motto, "Fortes in Fide": Strong in Faith, and strives to create a climate in which prayer and the search for truth and meaning in life are valued and nurtured. The Catholic ethos of the College, with its Missionaries of the Sacred Heart spirit, is the source and focus of the spiritual formation offered to students.

This policy is based on the Gospel values of love, faith and respect.

SECTION 4 : STUDENTS

4.2 ENROLMENT POLICY

RATIONALE

Daramalan College exists to carry on the mission of the Catholic Church to share and proclaim the Gospel message. It does so in a way which addresses the faith formation of students and supports the spiritual development of students of other faiths. This policy is based on the Gospel values of respect and hospitality

That the College establish and publicise its enrolment priorities.

That the College articulate to families upon enrolment its expectations about matters such as participation in Religious Education classes and faith formation programs as well as community activities and sports programs.

APPLICATION

1. Enrolments are at the discretion of the Principal. The following priorities provide a guide:
 - a. Initial preference is given to "family" students, such as those who have brothers or sisters currently attending Daramalan, those whose parents or siblings attended Daramalan or another MSC school, children of staff members, or students who are re-enrolling.
 - b. Preference is then given to Catholic students from Catholic Primary Schools; Catholic students whose parents are members of a local parish community in rural areas where a Catholic school is not available; and Catholic students from interstate whose parents have demonstrated a long-term commitment to Catholic education.
 - c. Preference is then given to non-Catholic students who have spent at least two years in Catholic primary schools, or who have demonstrated long-term commitment to Catholic education elsewhere.
 - d. Others by discretion.
2. Notwithstanding the above, students are enrolled on their own merits. That a parent/carer or sibling has been enrolled at the College neither guarantees nor excludes enrolment automatically. Attendance at another Catholic school does not guarantee enrolment at Daramalan automatically, nor does place of residence preclude enrolment.
3. The Principal may consider offering enrolment on a trial basis if the circumstances warrant such a decision.
4. No student is prevented from enrolling at the College simply because of the parent's/carer's inability to pay full fees. However, failure to pay fees without good cause may result in cancellation of enrolment.

In all questions of fee payment, the wellbeing of the student, the dignity of the individual, confidentiality and justice are the predominant considerations.

5. That on acceptance of enrolment, parents/carers and students enter into a covenant with the College to support its goals and values, meet contractual obligations and accept its reasonable expectations with regard to conduct and participation.
6. The College works with parents/carers to provide reasonable adjustments for the learning needs of identified students.
7. Enrolment levels are maintained in such a way so as not to compromise the quality of pastoral care and education within the College.

RATIONALE

This policy is based on the Gospel values of justice and compassion.

POLICY

Bullying and harassment of any kind is not tolerated.

All complaints received are investigated promptly and impartially and the confidentiality of all parties is maintained.

Appropriate action is taken following the investigation in line with the College's Pastoral Care Framework.

EXPLANATION OF TERMS

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records).

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying. (Bullying.NoWay!gov.au/resources)

Forms of Bullying

Bullying can take many forms, including jokes, teasing, nicknames, emails, pictures, text messages, social isolation or ignoring people, or unfair work practices. Under Federal law, this behaviour does not have to be repeated to be discrimination – it may be a one-off event.

Behaviours that may constitute bullying include:

- sarcasm and other forms of demeaning language
- threats, abuse or shouting
- coercion
- isolation
- inappropriate blaming

- ganging up
- constant unconstructive criticism
- deliberately withholding information or equipment that a person needs to do their job or access their entitlements
- unreasonable refusal of requests for leave, training or other workplace benefits.

Sexual harassment

Sexual harassment is a specific and serious form of harassment. It is unwelcome sexual behaviour, which could be expected to make a person feel offended, humiliated or intimidated. Sexual harassment can be physical, spoken or written. It can include:

- comments about a person's private life or the way they look
- sexually suggestive behaviour, such as leering or staring
- brushing up against someone, touching, fondling or hugging
- sexually suggestive comments or jokes
- displaying offensive screen savers, photos, calendars or objects
- repeated unwanted requests to go out
- requests for sex
- sexually explicit posts on social networking sites
- insults or taunts of a sexual nature
- intrusive questions or statements about a person's private life
- sending sexually explicit emails or text messages
- inappropriate advances on social networking sites
- accessing sexually explicit internet sites
- behaviour that may also be considered to be an offence under criminal law, such as physical assault, indecent exposure, sexual assault, stalking or obscene communications.

Just because someone does not object to inappropriate behaviour at the time, it does not mean that they are consenting to the behaviour.

Sexual harassment is covered under this Policy when it happens at Daramalan College, at school-related events, or between members of the Daramalan community outside of the school when it has an impact at school.

A single incident is enough to constitute sexual harassment – it does not have to be repeated.

APPLICATION

1. Students, parents/guardians and staff have a responsibility to report any school-related incidents of bullying/harassment either to teachers, Pastoral Leaders, Assistant Principals or other senior staff. This can be done in writing or verbally.

2. Students affected by an incident are offered support and care, which may include professional counselling and therapy.
3. Daramalan College recognises that comments and behaviour that do not offend one person may offend another.

5.5 STAFF PERFORMANCE REVIEW POLICY

RATIONALE

The concept of accountability and professional learning is widely accepted in all walks of life; hence the provision of Performance Reviews for staff members in schools. The purpose of such a review is to foster professional growth through individuals reflecting on how they are performing in the light of their Role Description.

Such reviews are generally formative, affirming recent achievements and identifying areas for future development. This policy is based on the Gospel values of integrity, honesty and justice.

POLICY

Daramalan College implements a system of Performance Review for all members of staff.

APPLICATION

1. A Performance Review System is implemented based on a staff member's Role Description.
2. A review involves a written self-reflection by each member of staff in the light of goals that are set at the beginning of a year based on the staff member's Role Description and the school's priority focus areas. The staff member has an annual discussion with a supervisor who validates the self-appraisal with comment and signature.
3. For staff in promotions positions, a summative review takes place when the staff member's contract is to conclude. The process for this performance review includes a self-reflection and feedback via a questionnaire from a range of staff who work with and for the staff member.
The Principal and Deputy manage the review process for all staff in promotion positions. Staff undergoing a review receive both written and verbal feedback.
Promotion position contracts may be extended or concluded through this process.

7.2 FEES POLICY

RATIONALE

Daramalan College is a Catholic not for profit educational institution. It shares in the educational mission of the Church. While governments contribute substantially to the costs of education, the balance is met by charging school fees. This fees policy is based on the Gospel values of justice and compassion.

POLICY

Fees are set at levels that ensure that the College remains solvent while at the same time are realistic for the community that Daramalan serves.

To provide fair access for families who for reasons of genuine hardship are unable to pay full fees, the College implements a fee concession scheme.

Discounts are offered for siblings.

APPLICATION

1. The level of tuition fees and levies is set annually by the College Board after receiving advice and recommendations from the Finance, Audit and Risk Management Committee.
2. Fees and levies are annual charges, invoiced in quarterly instalments.
3. The standard way for families to pay fees is by fortnightly Direct Debit. All families will be informed of this when they enrol.
4. Approval from the Business Manager must be sought for any other method of payment. If other arrangements are made and not adhered to, then that family will be required to pay fees by Direct Debit.
5. An administration charge is applied to accounts which are overdue and this charge is made every two weeks thereafter unless other arrangements have been made.
6. The College may give an extension of time for fee payment to families who request it, providing the necessary documentation is completed by the family and approved by the Business Manager.
7. Fee concessions for genuine hardship are considered by the Business Manager in consultation with the Principal, after an application is made in writing by the family and supporting evidence is supplied. Concession agreements will be set at various deduction rates depending on an assessment of the documentation submitted outlining the family's individual circumstances.
8. All agreements made for concessions and extended payments are reviewed at least annually.
9. Any family which has not made suitable payments by the beginning of Term 3 will be required to attend a meeting with the Business Manager, and possibly the Principal, where the continued enrolment of the student/s will be discussed if a suitable payment schedule cannot be established. When fees are overdue with no reasonable explanation, the College employs the services of a legal agency to recover such debts. Termination of enrolment may be considered by the Principal if a satisfactory outcome is not achieved with the family.
10. The total annual fee and levy must be paid for Year 12 students who complete the requirements for an ACT Senior Secondary Certificate. For students in other years, one month's notice, in writing addressed to the Principal, of an intention to withdraw is required; otherwise a full term's fees will be charged.
11. Normally only students whose school fee payments are up to date may participate in co-curricular activities such as tours.
